SIG Python Syllabus for 2020.

AIM:-

introducing students with the basic of python.

CHANGE FOR 2020:-

As we have all types of students who are introduced to python and those as well who are yet to be introduced.

So,In order to take the learning of each and every student.we will be giving basic knowledge to the one who are yet to introduced and a tricky question for those who are already introduced.

MARKINGS:-

Markings will only be done on the bases of the basic problem one.

SYLLABUS:-

1.Introduction to Basic input and output.
